

SACRED HEART CATHOLIC SCHOOL

— *Muenster, Texas* —

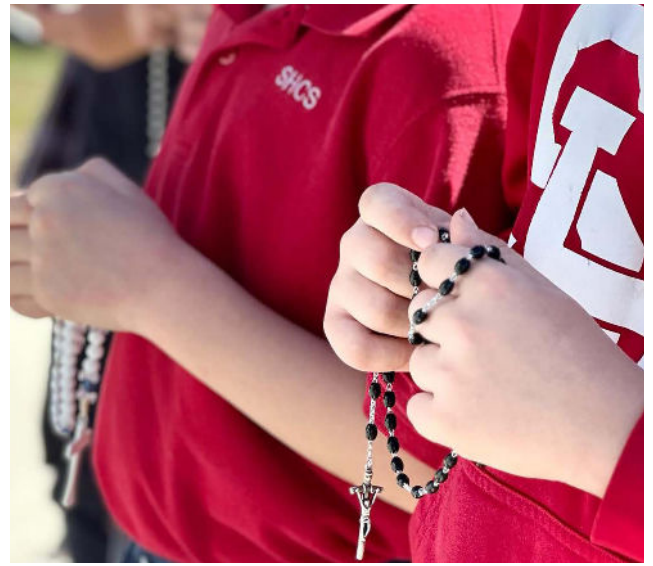

Sacred Heart Catholic School is a parochial school and ministry of the parish of Sacred Heart in the Diocese of Fort Worth offering **PreK3 through 12th grade Catholic education**. Founded in 1890, Sacred Heart is located in Muenster, a quaint German Catholic community in North Texas. Located just 1.5 hours north of DFW, transportation is offered for commuting students via a daily bus route from Denton. Sacred Heart students are provided with a high-quality Catholic education, in which

the Faith is not taught simply as an academic subject, but interwoven into the entire curriculum.

Be Catholic

Catholic faith and tradition are immersed into every aspect of the school. Students and teachers are encouraged to talk about God and pray. **Students in grades 1-12 attend Mass three times a week**, while Montessori children attend once a week. All students participate in **daily religious formation classes**. Our students also attend **Adoration on a weekly basis** and are prepared to receive the sacraments of First Reconciliation, First Communion, and Confirmation. Our students are also encouraged to perform works of service and mercy through school-sponsored mission trips, community service opportunities, and outreach. The faith at Sacred Heart is unwavering.

Be Competitive

Sacred Heart has a **long standing tradition of excellence in sports**. Our sports program is not based on an exclusive 'try-out' system. Rather, all students are encouraged to participate in sports to further develop them as a whole person. Our coaches work tirelessly with student athletes to cultivate their talents and make them strong competitors. Students are taught about teamwork, perseverance, and determination in all aspects of life.

Be Creative

Fine Arts are an important part of any quality education. Sacred Heart students have the opportunity to receive instruction and display their talents in foreign language, art, and music. **TAPPS One Act Play, Visual Art, Robotics, and Strings Orchestra** are just some of the many fine arts programs offered for students at Sacred Heart. All children are encouraged to participate in our fine arts programs to build upon their creativity, self confidence, and God-given talents.

Be Prepared

Our school offers a **rigorous and well-rounded academic environment**. At Sacred Heart, the curriculum is designed to prepare students for admission to top colleges and universities, as well as for the challenges and choices they will face as productive citizens in the world.
